### Technologies Covered

- Neuromodulation
- Neuroprosthetics
- Deep Brain Stimulation
- Neurorehabilitation
- Brain Sensing Technologies
- Bioelectronic Medicine
- Consumer Neurotech

### Issues Discussed

- Obtaining Financing
- Partnering Opportunities
- Reimbursement Outlook
- Relationships with Bio/Pharma Firms
- Marketing and Distribution
- Developing Clinician Support

### Featured Entrepreneurs

**NeuSpera Medical Inc.**, Santa Clara, CA. Developer of miniaturized neuromodulation devices.

**Sanguistat, Inc.**, Long Island, NY. Developer of nerve stimulation device for blood staunching applications.

**Nervanix**, Ft. Myers, FL. Developer of neurotech products for the learning and education markets.

**CerebraCell**, Santa Monica, CA. Developer of brain regeneration technology based on microcurrent signals.

This two-day conference offers an exclusive forum for neurotechnology executives and entrepreneurs to interact with investors, technologists, and potential partners who are actively working to grow this new and exciting industry. The schedule of presentations and panel discussions features a host of experts with a wealth of information on the neurotechnology industry and the investment community.

Sessions will cover a range of technologies and market segments in the neuro space, including neuromodulation, neuroprosthetics, neurosensing, and neurorehabilitation. The first day of the conference features sessions on the market for implantable neurotechnology devices. Executives from several startup and early stage neurotechnology companies will take part in an Entrepreneur Panel. Doug Weber, program manager for DARPA's Biological Technologies Office, will deliver the keynote address.

The second day of the conference is devoted to new directions in the neurotechnology industry, including bioelectronic medicine consumer and noninvasive neurotech devices, and novel neurosensing systems. Representatives of several new-frontier neurotech companies will make presentations as well as users of the new technology.

### Hotel Information

The Embassy Suites San Francisco Airport Waterfront is located at 150 Anza Blvd., Burlingame, CA 94010. A limited number of rooms are available for \$189 per night. Call the hotel at 650 342 4600 and mention Neurotech Leaders Forum (NLF) to secure this rate.
